‡ For cases diagnosed within 10 years of the original surgery date.

§ BIA-ALCL coverage applies to all Natrelle® breast implants.

Important **terms and conditions** to know

Covered events: The Natrelle® ConfidencePlus™ Warranty Program applies only to the following covered events (each a “Covered Event”) if they require surgical intervention:

Natrelle® saline-filled breast implants

- Deflation of Natrelle® saline-filled breast implants due to crease-fold failure
- Loss of shell integrity from unknown cause
- Loss of valve integrity
- BIA-ALCL diagnosis

Natrelle® silicone-filled breast implants

- Rupture of Natrelle® silicone-filled breast implants due to crease-fold failure
- Loss of shell integrity from unknown cause
- Removal of implants for capsular contracture Baker Grade III/IV (product replacement only within ten years of implantation surgery)
- BIA-ALCL diagnosis

The Natrelle® ConfidencePlus™ Warranty Program may also apply to other event-related losses of shell integrity not specifically excluded, subject to review and approval by Allergan.

Events not covered: The Natrelle® ConfidencePlus™ Warranty Program does not apply to:

- Dissatisfaction with implant size or aesthetic appearance
- Removal of implants for size alteration
- Removal of implants due to wrinkling or rippling
- Replacement of implants due to double capsule
- Loss of shell integrity caused by operative procedures
- Loss of shell integrity resulting from open capsulotomy or closed compression capsulotomy procedures
- Other manufacturers' products
- Financial reimbursement for a non-Natrelle® replacement product in lieu of a Natrelle® replacement product

Natrelle® ConfidencePlus™ Warranty Program may also apply to other event-related losses of shell integrity not specifically excluded, subject to review and approval by Allergan.

Special considerations

Each Natrelle® breast implant is covered individually. In the case of any covered event above, you may choose to replace both implants or only the damaged implant. Coverage of the opposite (contralateral) implant will continue for the remaining life of the warranty.

To submit a claim

Your surgeon must contact the Allergan Canada Product Support Team prior to replacement surgery. The surgeon is required to return the explanted, sterilized Natrelle® breast implant(s) to assist with evaluation and maintaining the quality and safety of Natrelle® breast implants.

Financial assistance will be issued upon receipt and verification of all required documentation.
